

PRODUCT SPEC PAGE

Collection Name

Grande Restoration

We have always been a company that adores the way time alters and shapes the appearance wood, adding its own special patina over the centuries. Our challenge for this collection was to abbreviate this process while still retaining the classical grace that time lavishes. The most distinctive feature in this collection is the surface undulation typical of grand, ancient European floors. Drawing upon this beauty and tradition we have created the Grande Restoration collection to embody all of the elements of a truly luxurious oak floor. Small board cracks, select knots and occasional soft band saw marks are subtle variations exhibited in this timeless collection. Created with the concept of inheritance, two sub-ranges Castle and Habitat further expand and enrich the Grande Restoration collection in two distinct directions. Castle products play on the idea of inheriting history whereas the Habitat range focuses on inheriting something from the earth.

Product Name

Engineered Castle - Unfinished/Unsanded

From - £95 + VAT

Product Information

Pattern Planks	Construction Engineered	Profile Straight Edge	Edge NA	Finish Rough: Unfinished	Installation Glue and Secret Nail	Species European Oak (Quercus Robur)	Origin Europe
-------------------	----------------------------	--------------------------	------------	--------------------------------	---	--	------------------

Product Structure

Engineered

Overall Thickness : 20mm-25mm
 Hardwood Layer :5mm-10mm
 Birch Plywood Layer :15mm
 Length :18,5cm, 22cm, 24cm, 28cm
 Width :0.6m-2.45m
 Where the 80% of the batch is above 1.8m
 Under Floor Heating :Yes

Engineered Flooring Guarantee

This manufacturing guarantee is for all of our European Engineered oak wood floors, which have been manufacturing using Water Proof Boiled Birch ply. This Guarantee is against de-lamination only which occurs in the 12 months following installation of the flooring. If de-lamination occurs during that period, The Reclaimed Flooring Company, upon inspection and verification that none of the criteria (please refer to the guarantee section in the website) in respect of non-application of the guarantee are applicable, will repair or replace the board or boards that have de-laminated. No refunds of any kind will be given.

N.B. Sizes may change at any time

Sustainability

FSC and PEFC

Optional at extra cost

Timber Neutral

Yes

EUTR

Legally Harvested Timber

Formaldehyde Emission

E1 (0.1ppm): complete compliance with EU safety standards

N.B. We plant 1 tree per every 10m2 you buy. Certification comes as standard.

Grading

Grade : A-D

Maximum Open Filled Knot : Not Filled

Maximum Size of Knots : 8cm

Filled Defects : Open Defects

Sapwood : Allowed

End Checks : No Longer Than Width of Board Allowed (Max 3mm Open)

Filler : No Filler

Colour Variation : Allowed

Filled Crack : Not filled

N.B. The product grading criteria is an approximation. Please allow for variances.

Tests

Slip Testing (to BS 7976-2) : Wet: 29 / Dried: 64

European reaction to fire classification : Cfl-s1
