

PRODUCT SPEC PAGE

Collection Name

Tailor Made Patina

Colour is a vital ingredient in the charm and atmosphere of any interior and when we took on the challenge of creating our own bespoke products, colour was placed high upon our pedestal. The Tailor Made Patina collection is comprised of our largest selection of colours for both contemporary and antique spaces. This collection is all about personalities and the balance between the character of a colour and the interior elements that surround it. Specialist patinas created through the layering of organic compounds reveal a true depth of feeling unseen in flat commercial washes. Deep tonal variation and unique flushes of light yield an authentic personality to each product in this collection. Whether you're in pursuit of refined elegance, simple modernity or warm country ambience the Tailor Made Patina collection is the perfect accent to harmonise your project.

Product Name

Deep Fried Country From - £59 + VAT

Product Information

Engineered Flooring Guarantee

This manufacturing guarantee is for all of our European Engineered oak wood floors, which have been manufacturing using Water Proof Boiled Birch ply. This Guarantee is against de-lamination only which occurs in the 12 months following installation of the flooring. If de-lamination occurs during that period, The Reclaimed Flooring Company, upon inspection and verification that none of the criteria (please refer to the guarantee section in the website) in respect of non-application of the guarantee are applicable, will repair or replace the board or boards that have de-laminated. No refunds of any kind will be given.
